

Xchangeable Flush Mounts, are just that – they’re exchangeable without hauling should servicing ever be needed.

KEY FEATURES

-  Up To 11,000 Fixture Lumens
-  60° Top Beam
-  20° Side Beam
-  Elliptical Beam

COLOUR PART#

-  Ultra White **001-500748**
-  Midnight Blue **001-500749**
-  Sea Green **001-500750**

XFM models, or Xchangeable Flush Mounts, are just that – they’re exchangeable without hauling should servicing or upgrading ever be needed. Their exceptionally low profile head offers virtually unlimited hull mounting options. Can be retrofitted into most existing underwater lighting hole cut-outs.

Suitable for all hull types up to and over 65’ (20m) using 2-6 lights with spacing of 3-5’ (1-1.5m) – for metal hulls, add the Delrin Isolation Sleeve accessory. Deutsch plug-and-play quick connectors make this light a quick fit.

Maintenance is easy; just wipe away marine growth from its scratch resistant Tritonium™ glass lens. Three super bright LED colour options.

With approval by ABS and RINA, the Pro Series HD is trusted by boat builders and owners worldwide.

- Xchangeable from Inside the Hull
- Virtually unlimited hull mounting options
- Aluminium Bronze AB2
- 12/24V DC (AC Upgrade Optional)

60/20° ELLIPTICAL BEAM ANGLE

A wide-angled, focused beam lights up a large area of the water.

XCHANGEABLE FLUSH MOUNT

Exchangeable without hauling should servicing or upgrading ever be needed. The exceptionally low profile head offers virtually unlimited hull mounting options, including retrofitting into most existing underwater lighting hole cut-outs.

RETROFITTING

Retrofit with XFM for benefits of no startup power surge, low heat, minimal maintenance, and improved light output compared to metal halide.

EASY TO CLEAN

Thanks to its Tritonium coating, a simple wipe of the lens removes any underwater growth, saving hours of scrubbing each time you use it.

PLUG AND PLAY

Deutsch plug-and-play quick connectors make this light a quick fit.

THERMAL PROTECTION

In the event of overheating the thermal protection turns off the power to avoid any damage until the unit has cooled.

3010 XFM HD Gen2

BOX CONTENTS	
Light Engine with 1.8m / 6' Connection Cable	
12/24V DC Driver	
1.8m / 6' Power Cable	
Installation Manual	
ACCESSORIES	PART
Delrin Isolation Sleeve for 3010 XFM	001-500575
Locking Nut Kit for 3010 XFM	001-500399
2m (6.5') Plug & Play Extension Cable	001-500753
6m (19.5') Plug & Play Extension Cable	001-500754
4 Way V DC Power Junction Box	019901
Pro Series HD Gen2 AC/Mains Power Pack	001-500755
MOUNTING RECOMMENDATIONS	
Boat size	Over 65' (20m)
Transom / Hull spacing	3-6' (1-1.8m)
Transom quantity	4+
Maximum hull thickness	3.5" (90mm)
Installation depth (to top of fixture)	8-10" (200-250mm)
TECHNICAL	
Lumens	19600
Fixture Lumens	11000
Typical LED life expectancy	40,000+ Hours
Minimum-Maximum operating voltage DC	9-32V DC
Current / Amp draw (DC)	12V DC 8.2A 24V DC 4.0A
Approx. Light penetration (avg. water quality)	72' (22m)
Approx. Light penetration (perfect water quality)	Up to 165' (50+m)
Driver type	External, Reverse Polarity Protected
PHYSICAL	
Driver size (L x W x H) Excluding Connectors	7.09 x 3.15 x 1.97" (180x80x50mm)
Total weight	14.7lbs (6.7kgs)
Extension cable length (standard)	6.5' (2m)
Hole cut-out	4.5" (115mm)
Material	Aluminium Bronze AB2

*Fixture Lumens rating is a measurement of total white light output from a complete (as sold) light fixture using laboratory standard, calibrated photometric measuring equipment.
